Maria Pappas

Cook County Treasurer

Toni Preckwinkle
President
Cook County Board of Commissioners
118 N. Clark Street
Chicago, IL 60602

October 30, 2025

Dear President Preckwinkle:

I am pleased to submit the Fiscal Year 2026 budget for my office.

Each year, I come before the Board with a budget request that meets or exceeds the proposed target. The budget submitted for the next year continues this trend. My budget for FY2026 reflects no increase from the taxpayer funded corporate budget when compared to FY2025. 96.3 percent of the budget comes from commercial user fees. The goal continues to be an entirely self-funded office independent of any taxpayer-funded sources.

In FY2026, I will continue to prioritize providing outreach to taxpayers, helping taxpayers claim overpayment refunds and missing exemptions, utilize cutting-edge Artificial Intelligence, release in-depth studies about the property tax system, and advocate for true property tax reforms.

For FY2026, our employee count is 67, a 73.2 percent reduction from 1998 when the office had 250 employees. If the office maintained a staff of 250 as it had in 1998, the budget for the office would be approximately \$68.8 million.

I am proud to request the adoption of this FY2026 budget for the Treasurer's Office. I look forward to continuing collaboration with you as we move forward.

Sincerely,

A handwritten signature in black ink that reads "Maria".

Maria Pappas
Cook County Treasurer

INTRODUCTION

Cook County's population is 5.28 million. In addition to the City of Chicago, 134 other municipal governments are located in the county.

One third of the population speaks a language other than English.
The leading second languages are Spanish and Polish.

Demographic composition of the county:

INTRODUCTION

The Cook County Treasurer's Office's are governed by two primary sources, the **Illinois Property Tax Code** and the **Cook County Municipal Code**.

Treasurer Maria Pappas' responsibilities include:

- **Printing and mailing** property tax bills on behalf of local governments
- Collecting **\$18.3 billion** in yearly taxes from the owners of nearly **1.8 million parcels** of property
- Distributing tax funds to approximately **2,200 local government units** to cover operations, pay bond debt and fund pension obligations
- **Investing the revenues** and other public funds of the County in conformance with federal and state laws and local ordinances
- Conducting **tax sales of delinquent property taxes** as required by state law

INTRODUCTION

In FY1998 when Treasurer Pappas took office, there were a number of challenges:

- 250 employees in the office
- Only six '386' personal computers
- Office was not Y2K Compliant
- No Third Party Agent (TPA) wire payment system
- No lockbox
- No bank branches accepting payments
- No financial audit
- No Information Technology (IT) department
- No website
- No email system
- No phone system
- \$30 million in uncashed checks on the floor
- One mail-opening machine

The solution?

Automation, which has led to reduced headcount and greater efficiency.

WEBSITE – DUPLICATE/OVERPAYMENT REFUND SEARCH

The website has built-in functionality to show whether a property address or Property Index Number (PIN) has an overpayment going back 20 years.

In May 2020, the Treasurer's Office introduced a feature that allows taxpayers to easily complete an online refund application to claim an overpayment of taxes. The office streamlined the process to eliminate paper refund applications.

Currently, **\$122 million in overpayment refunds** are available from the Treasurer's Office.

ELECTRONIC TAX BILL (PDF)

In 2017, the Treasurer's Office began offering property owners the option to download or print their tax bill in PDF format. Previously, requests for duplicate bills were printed in hard copy form and mailed to owners.

The website has produced **more than 8.6 million electronic tax bills** since December 1, 2017.

20,025 electronic tax bills were generated on August 17, 2021, the highest number of bills produced on a single day.

WEBSITE – WARNING FOR SOLD/FORFEITED TAXES

“Your Property Tax Overview” tells property owners if taxes were sold or forfeited at the Annual Tax Sale.

A message warns property owners to contact the Cook County Clerk to redeem sold taxes. At the sale of Tax Year 2022, held in December 2024, **8,180 properties were sold** to private tax buyers.

Redeeming taxes as soon as possible is important to avoid costly interest charges.

WEBSITE – ELECTRONIC NAME/ADDRESS CHANGES

The site was upgraded on June 6, 2019 to accept electronic name and address changes.

The simple, electronic process eliminates the need for paper applications to be sent to the Treasurer's Office and processed by hand.

Nearly 279,000 electronic name and address updates have been made by Cook County property owners since the process went live.

Once a change has been initiated, a message informs the requestor of the pending change.

WEBSITE – REFUND STATUS

Automatic refunds are issued after the second installment billing and collection for any given year.

Since November 2018, the Treasurer's Office has issued **175,000 automatic refunds totaling \$151,272,686 million.**

The site displays the status of a refund, including the amount, expected refund date, and then the actual refund date once issued.

Most of the refunds were a result of property tax exemptions applied to the second installment tax bill. **Taxpayers do not need to submit paper applications for these refunds.**

Major Initiatives

PAPPAS STUDIES: APPEALS REPORT

In May 2025, the Treasurer's Research Department released a study that regarding assessment appeals.

The study found that homeowners in the highest-income areas appealed their assessments 46% of the time, while those in **the lowest-income areas appealed just 11% of the time.**

Property owners in majority Black and Latino neighborhoods appeal at far lower rates. The appeal rate for white homeowners was 35.5% compared to 10.85% in Black neighborhoods and 14.06% in Latino neighborhoods.

11%

rate of appeal for owners in lowest-income areas

PAPPAS STUDIES: REFERENDUM / VOTER TURNOUT STUDY

In March 2025, the office issued a first-of-its-kind analysis that found much **higher property tax referendum turnout in wealthier, predominantly white communities** where nearly all people own their homes than in areas with mostly minority populations, lower incomes and lesser rates of home ownership.

The study also found tax referendum turnout in 2024 topped 50% in fewer than five of 10 cases and 33% in fewer than four of 10 cases —leaving the few to decide for the many in most cases.

Total voter turnout was **only 34% in districts** where median **household income fell below the county median of \$81,797**.

34%

voter turnout in areas with low household income

PAPPAS STUDIES: TAX YEAR 2023 TAX BILL ANALYSIS

Treasurer Pappas' research team released its Tax Year 2023 Bill Analysis in June 2024. The report provided a detailed examination of nearly 1.8 million bills due August 1, 2024.

Taxes billed for Tax Year 2023 totaled \$18.3 billion, an increase of **\$706 million**.

- South and southwest suburban **median residential tax bills jumped a record 19.9%**, the largest increase for any reassessed area in Cook County in at least the last 29 years.
- Homeowners bore the brunt of the increase as their taxes rose \$396.8 million, while taxes on commercial properties dropped by \$121.6 million.

The Tax Year 2024 analysis will be released once the tax bill file is ready.

\$18.3 billion

total billed for tax year 2023, payable in 2024

"WHERE YOUR MONEY GOES"

In 2024, the office redesigned tax bills for the 2023 Second Installment in order to show taxpayers **"Where Your Money Goes."** Bills show the amount of taxes owed for 2023 and how much the bill changed from 2022. The typical bill displays about a dozen taxing districts and **shows how much is paid to each taxing body.**

The online version of "Where Your Money Goes" allows taxpayers to click links for each taxing body. Visitors who enter an address or Property Index Number can search websites for school districts and other taxing bodies to research levies, budgets and other financial information. The website cookcountytreasurer.com also offers links to browse all financial reports filed by units of government.

Taxpayers can use the information from "Where Your Money Goes" to contact representatives of taxing bodies with questions and to learn when budget hearings and other public meetings are held.

ARTIFICIAL INTELLIGENCE (AI) DEPARTMENT

The Treasurer's Office created an Artificial Intelligence (AI) Department to propel the office forward in utilization of artificial intelligence and machine learning.

The Office is building a comprehensive database, a "lake house," of our main data:

- Consolidated data sources
- Simplified access for users
- Beginning to leverage analytics and machine learning of the rebuilt database

Next steps are to include more of our data sources, continue to leverage machine learning, and internal training and adoption of our new AI systems.

BLACK AND LATINO HOUSES MATTER

Treasurer Maria Pappas launched an initiative in March 2020 to directly reach and assist homeowners in Black and Latino areas of Cook County.

The initiative includes a weekly 30-minute “Black Houses Matter” radio show on WVON-AM 1690.

“Latino Houses Matter” debuted in October 2023 on WRLL-AM 1450.

During each of the shows, Treasurer Pappas discusses the program and takes calls from taxpayers owed a tax refund or missing a property tax exemption.

The office continues to work with community leaders, ethnic groups, aldermen and other elected officials to help preserve homeownership and create opportunities for generational wealth-building.

PHONE BANKS

Treasurer Pappas conducted **nine “Our Homes Matter” phone banks with ABC7** to help taxpayers identify possible missing exemptions or apply for overpayment refunds.

The most recent phone bank on October 17, 2024 helped callers identify an additional \$1.8 million in refunds, bringing **the total amount of refunds as a result of phone banks to more than \$33.6 million.**

Also, the office held a phone bank with Telemundo Chicago in October 2024 where staff helped identify \$156,626.61 in exemptions and refunds to Latino property owners in Cook County.

\$33.3 million

total refunds from Treasurer’s ABC7 phone banks

PAYMENT PLAN CALCULATOR

The Treasurer's Office introduced a free financial planning tool that can help property owners pay off their past-due property tax bills and avoid the Annual Tax Sale.

In August 2024, [the “Payment Plan Calculator” was added to cookcountytreasurer.com](#). The calculator assists taxpayers who want to budget their property tax into smaller parts.

Taxpayers may also choose to sign up to receive [email or text message notifications](#) reminding them to make the monthly or biweekly payments recommended by the Payment Plan Calculator.

STOP TAXPAYER OVER PAYMENT SYSTEM (STOPS)

STOPS was created by the Treasurer's Office to prevent the double payment of taxes and automatically return the second (duplicate) payment to the taxpayer.

If a payment is stopped, the payer is notified. The payer is given the opportunity to resubmit payment, but only if they are legally responsible. When this occurs, the first payer is authorized to receive a refund.

More than 140,000 payments (\$767.5 million) that would have been issued as refunds have been stopped and returned since November 2010. Before STOPS, those payments would have been accepted and the payer required to request a refund.

Additional website enhancements were introduced in July 2019 to display pending payment information, an additional safeguard against overpayments.

\$767 million
duplicate payments stopped from taxpayers

ELECTRONIC BANKRUPTCY PAYMENT SYSTEM

In June 2024, the Treasurer's Office launched **a system to process electronic payments from bankruptcy trustees**.

The internal Bankruptcy Management System verifies direct debit payments for bankruptcy vouchers by matching them with National Data Center claims for delinquent PINs in active bankruptcies, streamlining payment processing.

The screenshot shows the 'Cook County Treasurer's Office' header with 'Maria Pappas, Treasurer' on the right. A navigation bar includes 'Operations', 'Collections', 'Refunds', 'Tax and Scavenger Sales', 'Information Technology', and 'Financial'. The main title is 'Bankruptcy Management System'. Below it are tabs for 'Advanced Search', 'Batch Payments', and 'Reconciliation Report'. The 'Batch Payments' tab is active, showing a 'Load Batch File' section. This section includes a prompt to browse for a file, a 'Batch File Received' field showing '10/3/2024 12:00' with a calendar icon, an 'Upload Bankruptcy Payment File' section with a 'Choose File' button and 'No file chosen' text, and fields for 'Enter Trustee Name' and 'Enter Trustee Email'. At the bottom, there is a red 'Import Payment File' button and a status message 'OCR is Ready'.

Automation Projects

Payments

AUTOMATION PROJECTS – PAYMENTS

In 1998, there were two payment options: mail and in-person at one of six office locations. Now, there are nine payment options.

1998

2 PAYMENT METHODS:

- Mail to Treasurer's Office
- In-Person at Treasurer's Office (1 Main Office and 5 Satellite Offices)

2026

9 PAYMENT METHODS:

- Mail to Lockbox
- In-Person at Chase (Nearly 400 Locations)
- In-Person at Community Banks (163 Locations)
- In-Person at Treasurer's Office (1 Office)
- Wire Payments by Third Party Agents
- ACH Payments by Third Party Agents
- Online (Internet)
- Credit Card (Internet)
- Subsequent Taxes by Tax Buyers (Internet)

AUTOMATION PROJECTS – PAYMENTS

Mail Payment Processing (Lockbox)

In 1999, the Treasurer's Office incorporated a mail payment processing (lockbox) system for collecting and processing taxes. This has meant same-day deposits, immediate interest earnings and quicker distributions to taxing agencies.

The lockbox system eliminated the need for daily mail payments to be opened and processed individually by Treasurer's staff.

Since 1999, **more than 13 million** on-time payments have been processed by lockbox.

AUTOMATION PROJECTS – PAYMENTS

Bank Branch Payments

Cook County property tax payments are accepted at hundreds of local banks, making it convenient for taxpayers to pay.

Today, there are nearly 400 Chase banking locations in Cook County and throughout the state that accept property tax payments.

Nearly 17.5 million payments have been accepted at bank branches since calendar year 1999.

As a result of bank branches accepting Cook County property tax payments, the Treasurer's Office closed its five satellite offices.

AUTOMATION PROJECTS – PAYMENTS

Community Bank Branch Payments

Cook County taxpayers may visit one of the participating local community banks to pay taxes by direct debit (electronically).

There are **163 banking locations** throughout Chicago and the suburbs that accept property tax payments.

Nearly 120,000 payments have been accepted at these locations since 2004.

AUTOMATION PROJECTS – PAYMENTS

Third Party Agent (TPA) – Wire Payments

The Treasurer's Office established a commercial wire payment system used by banks, mortgage and title companies to pay taxes instead of submitting individual checks to the office.

The prior process in the office required manual handling and deposit of individual checks.

Wire payments from Third Party Agents have totaled **nearly 31.7 million** payments (**nearly \$101 billion**) since August 2003.

31.7 million

AUTOMATION PROJECTS – PAYMENTS

Online Payments

In March 2002, the office introduced online payments for payments. The office has collected **more than 10 million online payments** through September 30, 2025.

Since January 2018, there is no fee for taxpayers to make an online payment.

Online payments continue to increase year after year, especially as many taxpayers stayed home during the COVID-19 pandemic.

There were 444,143 online payments made for the 2024 first installment. A total of **900,374 online payments have been** made for Tax Year 2023, through September 30, 2025.

900,374

online tax payments for TY2023

*Through September 30, 2025.

AUTOMATION PROJECTS – PAYMENTS

Credit/Debit Card Payments

In July 2012, the office added the option for taxpayers to pay property taxes with a credit/debit card.

Property owners may make payments via credit or debit card year-round through the online payment channel.

Nearly **900,000** card payments have been made totaling **nearly \$2.2 billion**.

For each of the past three complete tax years (2021, 2022 and 2023), Cook County taxpayers made more than **100,000 payments using a credit or debit card**.

895,891

AUTOMATION PROJECTS – PAYMENTS

Subsequent Tax Electronic Payment System (STEPS)

The Treasurer's Office created an online payment method for tax buyers to pay "subsequent taxes," or those that become delinquent after the buyer paid delinquent taxes on the same property at an Annual Tax Sale.

Since 2007, tax buyers have submitted **more than 640,000 (more than \$1.7 billion)** subsequent tax payments.

IMPORTANT NOTE:

Property owners should redeem their sold taxes as quickly as possible to avoid additional costs accruing from unpaid subsequent taxes.

Tax buyers can pay delinquent subsequent taxes following the Annual Tax Sale. Taxpayers are assessed 12 percent interest per installment per year on each tax amount paid by a buyer.

640,373

subsequent taxes paid online by tax buyers

Tax Year	Quantity	Dollar Amount

*Through September 30, 2025 (first installment only).		

AUTOMATION PROJECTS – PAYMENTS

In-Person Payments

Because of the many payment options available to taxpayers, the Treasurer's Office closed its five satellite offices at the end of 2005. The office processed more than 384,000 in-person payments in 2000.

9,585 payments were made in-person for the Tax Year 2024 First Installment, due March 4, 2025.

For Tax Year 2023, in-person, on-time payments totaled **fewer than 18,000** at the Clark Street location – accounting for just 0.59 percent of more than 3 million total on-time payments.

On-Time In-Person Payments (Satellite and Downtown Totals)

PAYMENT SOURCE TREND BY TAX YEAR (ON-TIME PAYMENTS)

On-time payments only. Does not include Tax Year 2024, since only First Installment has been collected through September 30, 2025.

Automation Projects

Systems

CUSTOMER SERVICE – EMAIL SYSTEM

The Treasurer's Office updated its online email system to make it easier for taxpayers to contact office employees.

In May 2020, the Treasurer's Office overhauled the taxpayer email system by leveraging the Salesforce platform. A number of enhancements and efficiencies were built into this updated email system.

Emails are routed to employees throughout the office to respond within three business days.

The office has received and responded to **nearly 226,000** emails since 2003.

225,861
emails from taxpayers

Calendar Year	Quantity

*Through September 30, 2025.	

^NOTE: The spike in 2017 can be attributed to **5,796 emails received in December 2017** with questions about the prepayment program and changes to federal tax laws.

CUSTOMER SERVICE – CALL CENTER

The Treasurer's Customer Service Call Center has handled **162,123 phone calls through September 30, 2025.**

More than 77% of the calls have been handled automatically by the system. Just under **23%** have been answered by a Call Center employee.

In 2019, the Treasurer's Office introduced a feature that gives callers the option to leave a message and receive a returned phone call with 24 hours.

Callers can select from English, Polish or Spanish and follow prompts to obtain specific property tax information such as amount due or refund amount available.

37,174

Phone calls to the Treasurer's Office answered by a Call Center employee.

DOCUMENT IMAGING PROJECT

In 2016, the Treasurer's Office implemented the Paperless Customer Service System.

The system provides:

- Scanning, imaging, and storing of electronic documents, files and data. As a result, the office significantly reduces the need to retain hard-copy documents.
- Tracking of documents by PIN for quick access to information. Treasurer's Office employees provide seamless customer services.
- Response – All requested information is emailed to the taxpayer.

PIN RESEARCH (INTERNAL PORTAL)

The PIN Research System is an internal system used by office staff that centralizes PIN data that previously was accessible only via cumbersome stand-alone modules.

The system contains comprehensive PIN data including entire PIN Summary, mailing address, property address, exemptions, payment overview, Tax Research Cases and scanned images, such as payment coupons and checks, name/address change applications and returned certified mail images.

ELECTRONIC WARRANT BOOK

The Electronic Property Tax Warrant Book system replaced the physical Warrant Books, which serve as the official property tax records for the county.

In April 2016, the Treasurer's Office incorporated **4,765,458** individual pages from **12,011** books into the system.

The system eliminates manual posting of records, because all transactions and new tax year data sets are **automatically added electronically**.

ANNUAL TAX SALE

The Treasurer's Office replaced the traditional outcry Annual Tax Sale auction with an automated, online auction in 2008. Tax buyer registration, collateral deposits, bidding and payments went from manually intensive processes to an online system.

Prior to this automation project, the outcry auction would take 20 days to conduct and require a staff of eight people to manage.

Now, the sale lasts just four days and takes two employees. A computer algorithm awards PINs.

More than 241,000 PINs have been sold to tax buyers through the automated sale system since 2008.

TAXING AGENCY EXTRANET

The Treasurer's Office distributes billions of tax dollars every year to some 2,200 taxing agencies throughout Cook County. The office developed the Taxing Agency Extranet to provide taxing agencies direct access to view data reports that used to be individually printed and mailed at the Treasurer's expense.

The site allows authorized users 24-hour, online retrieval of useful information and reports:

- Record of Distribution Report
- Agency Distribution Collection Summary
- Statement of Distribution
- PIN Detail of Funds Recouped

Through September 30, 2025, there have been **215,249** visits to the site in this current fiscal year.

The purpose of the Taxing Agency Extranet site is to provide a transparent method for local government taxing agencies to access reports, data and other useful information within the Treasurer's Office.

215,249

visits to the Taxing Agency Extranet in FY2024

Transparency Projects

PAPPAS STUDIES

In March 2021, Treasurer Pappas began to build a new Research Unit to conduct further, more robust studies of inequities, inefficiencies and flaws in Illinois' property tax system.

Click on the blue box on cookcountytreasurer.com to access the **in-depth “Pappas Studies”** reports produced by the office.

To date, the office has **published 15 reports** on various property tax related topics.

Pappas Studies

- A Broken Property Tax Appeals System
- Voter Turnout, Race, Income and the Fate of Property Tax Referendums
- Tax Year 2023 Bill Analysis
- Pappas Portal - the newsletter
- How Wealthy Investors are Making Millions Exploiting Illinois' Property Tax Law
- Maps of Inequality
- Additional Studies

PAPPAS STUDIES

Title	Key Findings	Date
A Broken Property Tax Appeals System	• Successful appeals by businesses caused their collective tax bills to drop by \$3.3 billion, or 12.5%, while residential tax bills jumped by \$1.9 billion, or 6.9% • Homeowners in the highest-income areas appealed their assessments 46% of the time, while those in the lowest-income areas appealed just 11% of the time. • Property owners in majority Black and Latino neighborhoods appeal at far lower rates. The appeal rate for white homeowners was 35.5% compared to 10.85% in Black neighborhoods and 14.06% in Latino neighborhoods.	5/5/2025
Voter Turnout, Race, Income and the Fate of Property Tax Referendums	• Wealthier residents are more likely to vote. In the county's wealthiest taxing districts, average turnout topped 60% but was only 34% in districts where median household income fell below the county median of \$81,797. • The Treasurer's analysis also shows that residents across the county in 2024 tended to skip voting when given the chance to decide whether to increase their own property taxes. A majority of voters turned out for property tax-related referendums in less than half of cases.	3/25/2025
2023 Bill Analysis	• Property taxes rose about \$706 million, climbing from \$17.6 billion to \$18.3 billion. • Homeowners bills went up \$611 million, while commercial properties went up \$102.9 million. Vacant land dropped by \$7.8 million. • In the south and southwest suburbs, where all properties were reassessed, taxes rose a total of \$265.4 million. • The median south suburban residential tax bill increased by 19.9%, the largest percentage increase in at least 29 years, according to Treasurer's data. • Homeowners were hit with 53.6% of the increase, while businesses were billed the remaining 46.4%.	6/27/2024

PAPPAS STUDIES

Title	Key Findings	Date
Referendums and Voter Turnout	• An average of less than one out of every three registered voters determined the fate of 75 property tax-related referendums from 2020 to 2023. • Nearly half of the referendums were decided by less than 25% of all voters. • Combined, the referendums allowed government to create \$1.16 billion in new debt and exceed property tax caps by more than \$59 million.	3/12/2024
2022 Bill Analysis	• Property taxes across Cook County rose more than \$909 million to \$17.6 billion — an annual increase of 5.4%, which was below the 8% rate of inflation for 2022. • The median residential tax bill in the north and northwest suburbs increased 15.7%, the largest percentage increase in at least 30 years.	10/30/2023
Fiscal 2021 Debt Report	• Overall local government debt in Cook County rose 1.6% to \$160.5 billion from fiscal 2020 to 2021 — a modest increase held in check by the exceptional investment performance of the pension funds. • This update for the first time calculated the amount of debt burden borne by nearly 1.8 million properties in Cook County.	4/11/2023
2021 Bill Analysis	• Property taxes across Cook County rose by \$614 million — a 3.8% increase — for a total of \$16.7 billion. That money was sought by schools, cities and villages, the county, parks and libraries to pay for their services.	2/1/2022

PAPPAS STUDIES

Title	Key Findings	Date
How Wealthy Investors are Making Millions Exploiting Illinois' Property Tax Law	- Study revealed that hedge funds, private equity firms and others exploited a loophole in Illinois' property tax law to make millions of dollars in profits, mostly at the expense of Black and Latino communities. - Nearly \$280 million drained from Cook County taxing districts over the previous seven years.	10/19/2022
Maps of Inequality: From Redlining to Urban Decay and the Black Exodus	- Details how federal government-sanctioned housing discrimination from the 1940s brought about urban decay and the ensuing exodus of Blacks from Chicago and other major U.S. cities. - Vacant and abandoned properties in the Chicago area fall almost exclusively in areas where majority Black, majority Latino or majority-minority populations are declining.	7/19/2022
2020 Bill Analysis	- Taxes billed totaled \$16.1 billion, an increase of \$534 million, or 3.4%, from last year. - Found the biggest tax bill increases occurred primarily in financially struggling Black and Latino communities.	8/17/2021
Debt Study	Documented debt totaling \$153.4 billion, including unfunded pension liabilities, of all 547 local governments in Cook County.	6/8/2021

PAPPAS STUDIES

Title	Key Findings	Date
Voter Turnout 2011-2020	• Showed that over the past decade, about 75 percent of the voting age population do not vote.	1/5/2021
The Top 50	• Listed the 50 properties with the largest tax increases over the past 20 years. • Some property owners saw taxes increase by as much as 2,000 percent. • From \$6,700 in 2000 to \$134,000 in 2019.	1/5/2021
Scavenger Sale Study	• Found auction results designed to put vacant and abandoned properties with unpaid taxes back to use was failing in its mission. • The top 13 wards in Chicago with the highest vacant and abandoned properties account for 50 percent of all violent crime (murder, rapes, robberies) in the city. These areas also saw significant population losses between 2010 and 2016 of more than 31,000 residents.	12/10/2020
20-Year Property Tax History	• Using our data from 2000 to 2019, we documented that residential property taxes in the City of Chicago rose by 164 percent while the cost of living increased by only 36 percent.	10/26/2020

DEBT DISCLOSURE ORDINANCE (DDO)

Approved by the County Board of Commissioners in September 2009, the Taxing District Debt Disclosure Ordinance provides extraordinary transparency in government.

The ordinance requires the county's 547 primary local governments to provide their financial data and annual financial reports to the Treasurer's Office each year including:

- Audited financial statements from their most recent audit
- Money owed (or total debts and liabilities)
- Pension and retiree health care information (including the amount promised to retirees and the amount promised that local governments do not have)

Village of Matteson

Key information about finances and retirement obligations is shown below. For assistance with definitions, please use the [Glossary](#)

DEBT DISCLOSURE ORDINANCE (DDO)

DATA AND TIF INFORMATION ON THE TAX BILLS

The Treasurer's Office designed the property tax bill to contain useful information for property owners.

In January 2013, the Treasurer's Office began including on the First Installment Property Tax Bill the Debt Disclosure Ordinance (DDO) data pertaining to each parcel's taxing districts.

The figures give taxpayers full information about each local government's financial data including:

- Money owed (or debt)
- Pension and Healthcare Amounts Promised by Local Governments
- Amount of Pension and Healthcare Shortage
- Percentage of Pension and Healthcare Costs They Can Pay

The Second Installment Property Tax Bill was revised in 2024 to include a breakdown comparison of taxes from the current year to the prior year. "Where Your Money Goes" was established to provide insight into how much money is divided among the individual taxing districts.

Since July 2014, the tax bill also displays how much money is billed for Tax Incremental Financing (TIF) Districts.

COUNTY PROPERTY TAX PORTAL

The Treasurer's Office developed and manages the Property Tax Portal that combines data and information from five different property-tax related offices into one single site:

- Ownership and liens – from the Clerk Recorder
- Tax payments and refunds – from the Treasurer
- Valuations, exemptions and appeals – provided by the Assessor
- Prior year tax statuses, delinquencies and TIF information – from the Clerk
- Appeals – from the Board of Review

Giving property owners direct access to vital data serves taxpayers and reduces the number of questions posed to Treasurer's Office staff.

The portal has been visited **nearly 74,000,000** times since April 1, 2012.

73.9 million
visits to the Property Tax Portal

COUNTY PROPERTY TAX PORTAL – MOBILE

The Treasurer's Office overhauled the Property Tax Portal in 2016 to make it mobile-friendly and add new functions. The programming code recognizes a visitor using the site from a mobile device and automatically modifies the layout and design to fit the device.

Since December 1, 2017, there have been **more than 9 million visits** from mobile users.

FREEDOM OF INFORMATION ACT (FOIA) LOG

The Treasurer's Office released an [online Freedom of Information Act \(FOIA\) request system](#) at cookcountytreasurer.com in January 2023.

The system allows for FOIA requests to be submitted and tracked electronically.

A log of all FOIA requests received by the Treasurer's Office since January 1, 2013 is published on the website.

The additional level of transparency allows the public to view who is requesting information and what type of information they are requesting.

The log is updated weekly in PDF format.

The screenshot shows the Cook County Treasurer's Office Freedom of Information Act (FOIA) system interface. The header includes the Cook County seal, the office name, and the date Friday, September 27, 2024. A user is logged in, with a 'Welcome' message and links for 'Manage Profile' and 'Log off'. A 'View Case' button is visible in the top right. The main navigation bar includes links for 'Home', 'Create', 'View', 'Reports', and 'Commonly Requested Data'. The 'Information' section displays details for a specific FOIA request, including ID, Reference Code, Category, Date Created, Projected Response Date, Date Modified, Organization, Status, Commercial Purposes, Delivery Type, Assigned, and Reassign. The 'Attached Files' section is also visible.

Focus On Budget

FY1998 BUDGET COMPARISON

The Office had 250 employees in FY1998.

If the office had maintained its staff of 250, the FY2026 budget would be **\$68.8 million**.

Instead, the office has 67 filled positions, and a budget of **\$18.4 million** in FY2026.

- \$686,609 from taxpayer revenues (Corporate Account)
- \$17.8 million from commercial user fees (Automation Account)

\$68.8 million

would be the budget with 1998's employment

If the Treasurer's Office had the 250 employees that it had in FY1998, the FY2026 budget **WOULD HAVE BEEN:**

\$68.8 million

Instead, the office has 67 filled positions, and the FY2026 real budget **IS:**

\$18.4 million

FUNDING

Only **3.7 percent of the Treasurer's Office budget is funded by taxpayers**, because the office collects convenience fees from commercial users who pay in bulk.

Since 2008, the office has used **bank/financial institution fees** to fund itself and automation efforts.

The office is **96.3 percent self-funded** and **the goal continues to be an entirely self-funded office** that is independent of any taxpayer-funded sources.

96 percent

office funded from commercial user fees

PERSONNEL COSTS

The biggest portion of the Treasurer's Office FY2024 budget comes from personnel costs – salaries and fringe benefits, such as health, vision, dental and life insurance.

These personnel costs comprise **73 percent of the FY2026 budget.**

County employees are automatically awarded longevity increases, or STEPS, based on years of service. Employee salaries also increase as a result of Cost-Of-Living Adjustments (COLAs) that are approved by the County Board. Additionally, fringe benefit costs continue to increase.

The following two charts illustrate the budgetary challenges posed by COLAs and fringe benefits.

73 percent
of the Treasurer's budget is personnel costs

COST-OF-LIVING ADJUSTMENT (COLA) HISTORY

Implemented	COLA	Note
FY1999 June 1, 1999	4.0%	
FY2000 December 1, 1999	3.0%

FY2023 June 1, 2023	2.5%	
FY2023 June 29, 2023	3.5%	Pay rate increase of 3.5% effective December 1, 2021 for union/non-union
FY2024 June 1, 2024	2.0%	
FY2025 June 1, 2025	5.0%	

*COLA awarded to Union employees only. **COLA awarded to Non-Union employees only.

FRINGE BENEFIT COMPARISON

If the Treasurer's Office maintained 250 employees, the fringe benefit obligations would be approximately **\$13.0 million** in FY2026. Instead, the benefits in the budget for FY2026 are \$3.5 million, of which \$3.2 million is paid out of the Treasurer's Automation Budget.

Benefit	FY1998 Average Cost Per Employee	FY2026 Average Cost Per Employee	Increase (\$)	Increase (%)
Medicare	\$290	\$2,269	\$1,979	682%
Pension	\$3,977	\$29,913	\$25,936	652%
Insurance (Health, Life, Pharmacy, Vision, Dental)	\$3,689	\$19,864	\$16,175	538%
Total	\$7,956	\$52,046	\$44,090	554%

\$13.0 million

cost of benefits if the office had 250 employees in FY2026

The budget of the Treasurer's Office operates with two separate and distinct accounts, one funded by tax money and the other by commercial user fees. These accounts are:

1

County Treasurer Corporate Account (formerly 060 Account)

- Funded primarily by taxpayer sources
- FY2026 Budget: \$686,609 (2.2 percent reduction compared with FY2025)

2

County Treasurer Tax Sale Automation Account (formerly 534 Account)

- Funded by commercial user fees paid by banking and mortgage firms
- Established by County ordinance on April 6, 1999
- FY2026 Budget: \$17,760,188 (4.4 percent increase compared with FY2025)

Since FY2008, the Treasurer's Office has continually reduced the Corporate Account by shifting costs to the Automation Account. **The goal continues to be an entirely self-funded office** that is independent of any taxpayer-funded sources. Many governmental entities simply raise property taxes instead of creating alternative funding sources and reducing their budgets.

POSITION COUNT

The Automation Projects of the Treasurer's Office have resulted in a decrease in headcount from 250 in FY1998 to 67 in FY2026, a reduction of **73 percent**.

FY1998 – 250 EMPLOYEES

FY2026 – 67 EMPLOYEES

Although there are 78.0 FTE in the FY2025 budget, the Treasurer's Office is operating with a staff of 67, as the remaining are open positions.

Projects

FY2026 - FY2028 FUTURE PROJECTS

Integrated Property Tax System

Description:

The Treasurer's Office continues to work through defects within the Integrated Property Tax System production environment.

The office has written and sent 30 letters over the course of this project in an effort to shed light on concerns, bring accountability, and foster change.

The project was approved by the County Board on September 9, 2015. The Statement of Work indicated the project would take 4½ years to complete.

The Treasurer's Office continues to provide significant resources towards the project.

Benefits:

- Eliminates the antiquated MIS Mainframe and its limited functionality
- Combines all data for each parcel into one unified system
- Will update in real-time instead of nightly batch jobs

FY2026 - FY2028 FUTURE PROJECTS

Tax Sale Reform

Description:

The Treasurer's Office advocates comprehensive property tax sale reform legislation. Changes to state law would create a new tax foreclosure process in view of the U.S. Supreme Court's decision in Tyler v Hennepin.

The changes would be required for Cook County, and be optional for other Illinois counties. The Treasurer's Office is working with the President's Office and housing advocacy organizations to develop a process that preserves consequences for those who might choose not to pay their property taxes, but that allows struggling homeowners greater opportunity to preserve generational wealth held in their homes.

Benefits:

- Lowers the fees and costs charged to delinquent taxpayers.
- Allows up to three years to pay off one year of delinquent taxes in full through partial payments under a payment plan.
- Incentivizes timely payments made pursuant to a payment plan, so that chronically delinquent homeowners eventually can get caught up.
- Restores equity to those who simply cannot pay the taxes on their homes.

FY2026 - FY2028 FUTURE PROJECTS

Artificial Intelligence (AI) Development

Description:

The Treasurer's Office is continuing its efforts to develop in-house AI functionality that runs on data organized in a highly specialized database designed by our AI team.

Ultimately, the AI functionality will be used by Treasurer's Office employees and the public.

Benefits:

- Enhance the experience of taxpayers who request information from our office.
- Deploy interactive chat bots to quickly present to taxpayers any property tax data under the control of the Treasurer's Office.
- Employees will leverage AI's chat and reporting capabilities to do their jobs more efficiently.
- Automate and streamline processes that are currently highly manual or impossible by developing machine learning systems.
- Utilize predictive analytics to produce additional research studies that will educate the public and assist policymakers.

FY2026 - FY2028 FUTURE PROJECTS

Artificial Intelligence (AI) Phone System

Description:

The Treasurer's Office will engage the IVR phone vendor to harness the power of AI to streamline responses to callers seeking information and data regarding property taxes.

The aim is to increase the response to callers in many foreign languages beyond English, Polish and Spanish that are available now.

Benefits:

- Enhance the experience of taxpayers who request information from our office.
- Utilize machine learning models to streamline property tax data responses.
- Increase accessibility by utilizing AI responses in native languages.

FY2026 - FY2028 FUTURE PROJECTS

Two-Coupon Property Tax Bill

Description:

The Treasurer's Office will push Tyler to produce a two-coupon property tax bill.

Since the first installment tax bill is 55% of the prior total year bill, that future first installment coupon can be included with the current second installment billing.

Benefits:

- Allow taxpayers to know the amount of the next first installment early so they can budget accordingly.
- Provides interest taxpayers wishing to pay the future installment early the opportunity to do so.
- Possibly defray postage costs for early payers.

TOP 100 AUTOMATION / STREAMLINING EFFORTS FY1998 - FY2025

1. Automated Telephone System
2. Consolidation of Bank Accounts
3. Customer Service - Express-Line Payments
4. Customer Service - Pro-bono Seasonal Employee Assistance From Local Banks During Peak Collection Periods
5. Database - Banking Contact Management System
6. Electronic Inheritance Tax Filing/Wire Transfer
7. I.T. Improvements - Automated Entry of Investment Transactions into General Ledger
8. I.T. Improvements - Automated Entry of Cost Breakdown for Refund Checks into General Ledger
9. I.T. Improvements - Automated Security Patch Management
10. I.T. Improvements - Consolidated Data and Network Storage onto One System
11. I.T. Improvements - DDOS Protection for External Websites
12. I.T. Improvements - Email Advanced Spam Protection
13. I.T. Improvements - Enhanced Workflow for Human Resource System
14. I.T. Improvements - Enhanced Correspondence Database (to improve performance)
15. I.T. Improvements - Internal Support of Websites
16. I.T. Improvements - Implemented MFA Multifunction Activation
17. I.T. Improvements - Name Change Application Imaging Project
18. I.T. Improvements - Remote Access to Email through Web and Mobile Phones
19. I.T. Improvements - Replaced Web Servers with Faster Hardware and New Software for Improved Performance and Reliability
20. I.T. Improvements - Server Monitoring Software to Track System Errors
21. I.T. Improvements - Standardized PC Image
22. I.T. Improvements - Installation of replacement Storage Area Network (SAN) System
23. I.T. Improvements - Streamlined Building and Rollout of New PCs
24. I.T. Improvements - Streamlined Website Traffic Reporting
25. I.T. Improvements - Tableau Data Visualization Tool Implemented for Internal Use

TOP 100 AUTOMATION / STREAMLINING EFFORTS FY1998 - FY2025

26. I.T. Improvements - Upgraded Email Server and Improved Filters for Junk/Spam Email
27. I.T. Improvements - Upgraded Call Center Hardware/Software
28. I.T. Improvements - Upgraded Annual Escheatment Software (HRS Pro)
29. Infrastructure - Installed Local Area Network (LAN)
30. New System - Amount Guaranteed (reduction of check amount to match amount due)
31. New System - Automated Tax Sale
32. New System - Automatic Certificate of Error Refund Checks
33. New System - Cash Management Online Banking System
34. New System - Cashiering
35. New System - CCT Printing Refund Checks
36. New System - Check Images Captured at Lockbox
37. New System - Document Management System - Paperless Customer Service System
38. New System - Duplicate and Overpayment Refund System
39. New System - Duplicate Tax Bill Request Form and Affidavit Image Retrieval System
40. New System - Fixed Asset Inventory
41. New System - Freedom of Information Online Portal
42. New System - General Ledger
43. New System - GIFTS - Government Investment of Funds Tracking (maintains history of investments)
44. New System - Governmental Unit Acquisition (GA) Database
45. New System - Revamped Help Desk Program
46. New System - Human Resources
47. New System - Internal Open Item Tax Bill Request System
48. New System - Name Change - Electronic Capture of Info with Illinois Department of Revenue
49. New System - Online Investment Auction
50. New System - Online Payment System - "STEPS" Subsequent Tax Electronic Payment System

TOP 100 AUTOMATION / STREAMLINING EFFORTS FY1998 - FY2025

51. New System - Oracle EBS Financial System
52. New System - PIN Research/PIN Payment Summaries
53. New System - Post-Penalty Envelopes Imaging
54. New System - Real-Time TPA System (RTS)
55. New System - Reconciliation Database
56. New System - Refund Check Search Engine Added to CCT Intranet
57. New System - Refund - Automatically Refund Overpayments (as a result of assessment reduction)
58. New System - Refund - Property Tax Appeal Board (PTAB) and Specific Objection Automatic Refunding
59. New System - Refund - Property Tax Appeal Board (PTAB) Refund Status Search Engine
60. New System - Returned Mail Imaging System
61. New System - Sale-In-Error
